The Claimant believes:

- That there is a risk that the membership of the Defendants (as currently described) will evolve into a different organisation or campaign undertaking unlawful activity at the sites which the Gleeson Order currently seeks to protect;
- A different organisation or campaign with the same aim and goals as the Defendants (as currently described) undertaking unlawful activity at the sites would not currently be prohibited by the terms of the Gleeson Order; and
- Amending the description of the Defendants in the Gleeson Order, the Claim Form and the Particulars of Claim would ensure that the purpose of the final injunction (as granted by the Gleeson Order) is not circumvented or frustrated.
